

## Who was Maddie Potts?

“Maddie was everyone’s first friend. She was the one to reach out to new kids at school or on the team, to make them feel comfortable in all ways she knew how...”

“Her smile could light up an entire room and her laugh could make a chain reaction of other laughs. Her happiness was truly contagious. “

“Maddie never gave 100%. She always gave 111%”

“ Maddie’s Foundation has already helped so many become kinder, gentler humans who spread acts of kindness and look out for one another. They made us feel like a family again...”

“I’m forever changed by you. I will continue to use your attitude, drive, passion and love for the game of soccer and pass that down to my athletes. You will always be my main role model for my girls and I will continue to coach with MADDIE MENTALITY. “

“I never knew Maddie, but I’ll never forget her and the impact she has left on her community”
